Providing Practical Online Training for All Laser Users!

Laser U was developed by LIA to provide all laser professionals, whether application or safety based, practical education that can be applied to their area of work. All LIA courses are taught by experts in the field. Our laser application training courses were developed from education courses taught at LIA's conferences and workshops. With access to the training online, you can enhance your laser knowledge whenever it's convenient for you, from home or the office. Whether you are new to the world of lasers or an experienced laser professional, Laser U is for YOU! Save time and money while learning at your own pace and setting your own schedule. Enter the portal now and gain the knowledge you need to enhance your career.
